## **How does the hotline work?**

A 24-hour, toll-free number that allows students, parents and members of your community to anonymously report threats of violence, bullying, theft, child abuse, gang activity, drug use/sales, cheating, vandalism or any other problem at our school district. When someone calls the 800 number to report a threat or problem, the message is immediately transmitted to our district contacts. The district contacts will immediately start to investigate the issue or report it to the authorities if needed.
