

SWITZERLAND OF OHIO LOCAL SCHOOL DISTRICT

2022-2023 CPP INFORMATION

College Credit Plus is Ohio's dual enrollment program that provides students in grades 7-12 the opportunity to earn college and high school credits at the same time by taking courses from Ohio colleges or universities. The purpose of this program is to enhance students' career readiness and postsecondary success, while providing a wide variety of options to college-ready students, at no or limited costs to students and families.

Students interested in CCP must turn in a Letter of Intent form to their Building Coordinator, demonstrate college-readiness, and be accepted by the college/university they wish to attend. Each college/university has their own GPA and standardized test minimums.

College Credit Plus Costs:

- (a) College Credit Plus opportunities have no cost to students, including the free option to attend public institutions of higher education. - (b) There is potential cost of participation with a nonpublic/private institution of higher education. Private colleges/universities have the option of charging a minimal fee to students.
- (c) Students who are economically disadvantaged who choose to attend a nonpublic institution of higher education cannot be charged a minimum fee.
- (d) Switzerland of Ohio is not a nonpublic/private school. For students attending nonpublic/private secondary schools, students must apply for state funding to participate and this funding may be limited for students.¹

(ii) Criteria for student participation, including, but not limited to, the following:

- (a) Parents and students must participate in a counseling session prior to participation (which may be included as part of the Information Session).

Students desiring to participate in College Credit Plus in the summer are strongly encouraged to submit letters of intent and begin the admissions process starting in February and prior to the April 1 notice of intent deadline in order to improve chances of meeting summer registration timelines."

For students attending nonpublic/private secondary schools, students must submit their intent to participate within the funding application.

Appeal Options when missing the April 1 deadline:

Any student who fails to provide the notification by the required date may not participate in the program during the following school year without the written consent of the principal, or equivalent. If a student seeks consent from the principal after failing to provide notification by the required date (April 1), the principal shall notify the Ohio Department of Education of the student's intent to participate within 10 days of the date on which the student seeks consent. If the principal does not provide written consent, the student may appeal the principal's decision to the district superintendent. Not later than 30 days after the notification of the appeal, the district superintendent or governing entity shall hear the appeal and shall make a decision to either grant or deny that student's participation in the program. The decision of the district superintendent or governing entity shall be final.²

There is no appeal for missing the April 1 deadline for students attending nonpublic/private secondary schools or homeschooled students.

(iii) Student participation options:

(a) Secondary schools cannot limit a student's participation in the College Credit Plus program to only the courses offered in that school and students may also participate online or at any other participating institution of higher education, or any combination thereof.

(b) Participating students may be concurrently enrolled in multiple postsecondary institutions and may take postsecondary courses from more than one institution of higher education, concurrently.

(c) List of courses offered at the secondary school through an agreement with an institution of higher education. A variety of courses are offered on site at Monroe Central High School, River High School, and Beallsville High School. Please see your guidance counselor for further information.

(f) Students have the opportunity to participate during the summer term. For any student participating in a summer term that transfers to a new secondary school, **the student has the responsibility to notify the institution of higher education and the student's prior and new secondary school of such transfer.**
